

Case Study – Karaoke Box Limited

Property Embedded Capital Allowances Identified: **£412,791**

Karaoke Box is a company with fantastic facilities for those wanting a lively night of singing. They are located in London and Birmingham with significant investment ensuring the best experience for their customers. Karaoke Box Ltd recently refurbished the karaoke rooms at their Birmingham premises. We were tasked with reviewing the invoices ensuring the maximum capital allowances were extracted from the embedded fixtures & fittings installed.
