FDT GB Limited specialises in the supply and design of equipment, custom electronics, bespoke systems, redesign, manufacture and service of any type of monitor, CRT or Flat Screen. The company has spent considerable time developing technologies, which have since been improved upon and remain in use today. The company continues to invest into research and development to maintain and enhance its reputation within the industry.

In this case study, three of their R&D projects were identified as being eligible for R&D Tax Relief. We extracted qualifying expenditure in 2105, amended the 2015 tax return and re-submitted to HMRC generating a refund of tax paid.
